

Pine Village

Breezeway Cabin

Breezeway Cabin

The Cabin sits next to Little Pine Creek. A cozy place to spend a few days and is equipped with a Generac generator for those times when power may go out.

The living room and kitchen are cozy and functional for 2-4 people.

The two bedrooms include
a queen bed in one room and

Two XL single beds in the other bedroom.

Although small, the modern full bath includes toilet, sink and shower.

The deck has a covered pergola that has enhanced the outdoor living to enjoy “creek watching” in all kinds of weather.

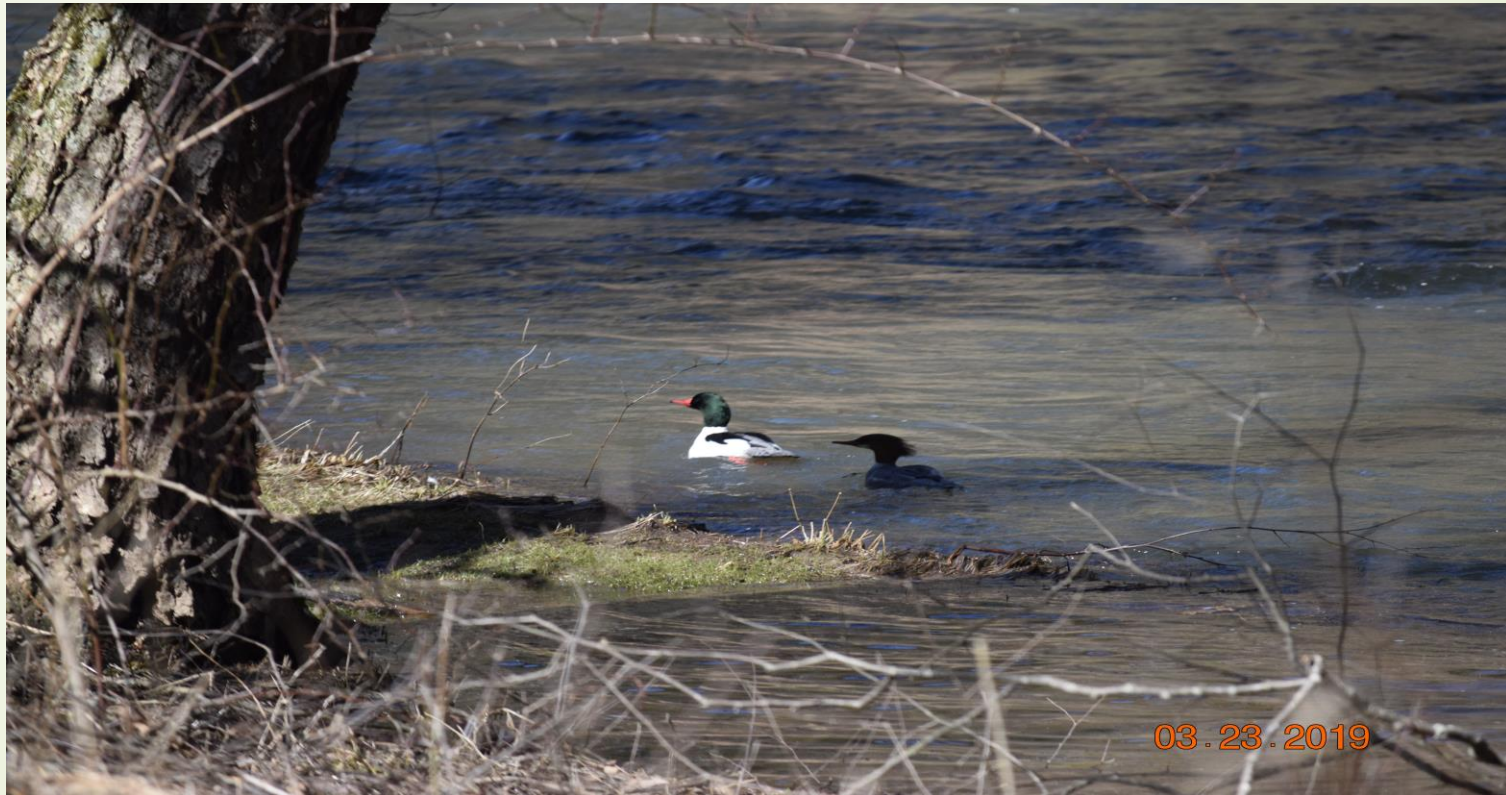

Creek View

05.03.2019

There is always something to see in
Little Pine Creek.

Camp fires are always a must. An adequate supply of firewood is available for your stay.

There is a nice one-mile walking trail around Pine Village property that takes you along Little Pine Creek. There are several places to rest and enjoy nature.

In addition to having hummingbirds, we have attracted Orioles. They feed on grape jelly & meal worms. The nest, located near the Breezeway, is a 2019 nest.

We are dog friendly. Well behaved dogs are welcome.
